November 2014 Newsletter

After a very wet night and a wet start the rest of the meeting stayed dry, though the ground got very muddy as the day went on. There were no major problems, just a broken clutch adjuster for Steve Wainwright and Andy Laker seeming to run out of petrol on the last run. Two tracks were set up during the meeting with one set of points available. The 2nd track was a slightly modified reversal of the 1st.

Well done to Andy Laker who pipped Paul Rogers by 3.91 seconds over the whole day to close the gap in the championship to just 2 points. It's going down to the wire at the last meeting of the year where there will be double points available.
